## Taste of Abby Featured Menu Item

### The Table Bistro

#### *Roasted Butternut Squash*

A vegan butternut squash entree guaranteed to hit the spot. Cooked and seasoned with traditional middle eastern spices, sumac and zaatar, this dish is warm, rich with spices, and finished with a tahini lemon dressing that brings the warm flavours of the sumac and zaatar and the creamy nuttiness of the squash together creating a satisfying balance of flavours.

#### *Blueberry Cobbler*

Sweet yet slightly tart, the Fraser Valley blueberry cobbler features macerated blueberries, cooked until golden brown then topped with vanilla bean ice cream and a mint leaf.

#### *Abby's Treasure*

The star of this cocktail is the Peach, Blackberry, and green tea syrup made from Lepp's local fruit and locally sourced tea from Karla's Tea. Adding a touch of lavender, tart lemon, and Fernie Vodka, this refreshingly complex cocktail is sure to delight.
